

“PRIKKEL 1000”

JOIN THE JOURNEY

Community BNet facilitates the process of active community business development as an alternative source of income. We believe that actively practicing kingdom business will challenge others in the community to also take steps towards reinstating trust, courage and confidence in caring and supporting of valuable business relationships. In the process the community ensures that available money cycles locally for longer. The initiative is triggered by the “Prikkel 1000” workshop on 2 Feb 2019.

BUSINESS IDEA WORKSHOP

In executing this creative process we maintain an environment where we

- trust God for the outcome;
- respect and apply the values of Unashamedly Ethical;
- exhibit respect for all participants and ownership of ideas;
- focus on a positive attitude;
- exhibit courage and hope;
- exhibit an unconditional willingness to share;
- provide every participant opportunity to freely express any idea;
- do not comment or judge any idea – (Scientific analysis will filter it);
- do not anticipate the potential size of business that may result.(Think fearless); and
- do not anticipate local regulation – (This is a filter that restrain thinking).

TERMS AND CONDITIONS

- Entrance is free but all participants are required to register;
- Participants agree to share their ideas unconditionally;
- Participants agree not to air the views of specific churches, organisations or political parties during this process;
- Community BNet will facilitate the scientific analysis of the ideas. The selection process is final and will be communicated to all participants;
- All registered participants will have right of access to the results;
- Community BNet reserves the exclusive right to develop the selected ideas for a period of six months;
- Community BNet retains ownership of the developed business ideas and can register patents and businesses as required; and
- Should any dispute arise from this process, the parties agree to mediation as the preferred process of dispute resolution.
